WASHINGTON, Nov. 28.—The United States government has bluntly warned Japan that there can be no compromise with further aggression in the Far Eastern area.

The position of the Washington administration was made emphatically clear today in an official analysis which compared current Japanese thrusts at French Indo-China with Hitler's methods in Europe.

Will Not Arm Pacific Steamers

Meanwhile, President Roosevelt, at his Friday press conference, announced that American merchant vessels on routes in the Pacific ocean will not be armed under existing circumstances.

When asked how long these "existing circumstances" might prevail, the President suggested that question might better be asked in Tokyo than in Washington.

At the same time the White House said that "public announcement will be made of any change in policy."

### PA NEWC OBSERVES

Weather conditions on Thanksgiving, yesterday, were probably the most unusual of many long years. The day more nearly resembled a fine spring day than the overcast weather usually attributed to November.

\*\* \*

One of the most appreciated road improvements that has been made in the county in a long time is the connection between the West Pittsburgh road and the New Castle-Wampum highway. For years a rough unpaved highway existed, and now the route is improved from the Pennsylvania Power Company plan where the paving formerly ended through to the New Castle Wampum road.

\*\* \*

With the small game hunting season coming to a close on Saturday, a large army of hunters was scouring the woods and fields of the district on Thanksgiving day taking advantage of the last chance for a large number this season.

\*\* \*

A lot of New Castle residents were noted taking advantage of the holiday yesterday to rake and burn leaves that had fallen on their properties during the past two or three weeks.

\*\* \*

Decorations on downtown streets have been plentiful during recent weeks. The streets were first adorned.

### New Bus Lines To Start December 11

New Castle transportation service operators have already qualified as operators of the buses and others are progressing nicely in their training, so that all will be in readiness for the change which two weeks hence will bring completely modernized transportation service to the city.

Thirteen buses of the latest design with all modern improvements for passenger comfort and convenience and for efficiency in operation have been purchased for the new service. Eight of these buses are Diesel motorized and five are gas motorized. The Diesel buses each seat 29 passengers, the gas buses 25.

All Buses Received

All the new buses for the New Castle service have been received. Superintendent T. C. Moore is now busy with the training of the operators and other details of the change in service.

### Shenango Firemen Plan Purchase Of New Fire Truck

Special Meeting Of Firemen's  
Association To Be Held  
This Evening

The Shenango Township Volunteer Fire department at East New Castle at a special meeting at East New Castle tonight at 8 is expected to complete purchase plans for a new fire truck.

The new truck, it was said, will replace the 1926 model apparatus which has been in the service of the company for several years. Delivery of the new chassis, unequipped, will probably require from one to two months. The township organization has been told. Equipment now on the old truck will be installed on the new truck.

Conrad Houk, president of the volunteer group, will preside tonight. Election of officers for the new year comes at the regular company meeting Friday, Dec. 5.

LONDON, Nov. 28.—The situation in Libya may now be termed "very good," authoritative British sources said today.

No enemy troops have yet succeeded in breaking out of the "iron ring" thrown up by Imperial forces. The line now extends from Tobruk to Sidi Rezegh with actually two fronts.

One extends west from Tobruk on the Tobruk-Sidi Rezegh line and the other east of Sidi Rezegh, where British troops are engaged in mopping up encircled Axis forces.

In all sectors, British spokesmen said, the situation is "continuing to improve."

TOKYO, Nov. 28.—Premier Hideki Tojo placed American Secretary of State Cordell Hull's memorandum on the United States-Japanese negotiations before the Japanese cabinet today and discussed "all phases of the talks" with his ministers.

Full details of the memorandum were explained to the cabinet by Foreign Minister Shigenori Togo.

On Wednesday evening a fellow dinner and recognition service was given by the membership for the pastor and Mrs. Spear in the dining room of the church.

Glenn Lemon, chairman of the congregation, in his address, mentioned the high Christian standard set by the pastor for the congregation, and navy ministers considered the note an agreement with Japan.

Earlier, high officials of the Japanese foreign office and army and navy ministries considered the note in a session at Tojo's residence.

(Editor's note: The American communication was delivered by Secretary Hull to Japanese special envoy Saburo Kurusu at Washington. It notified Japan that they would respect Thailand's independence.

# Last Stronghold In Ethiopia Falls

## Defense Falls After Long Siege

Rome Admits Condar Is Taken By British Forces In Africa

FIERCE FIGHTING OCCURS IN LIBYA

(International News Service) ROME, Nov. 28.—Fall of the Italian stronghold of Condar in Ethiopia was admitted officially by the Italian high command today.

A fascist war bulletin said that Gondar, situated near Lake Tana, was "overwhelmed" at 2 p.m. yesterday after withstanding a long siege.

The bulletin also reported fierce fighting in Libya and claimed destruction of three British submarines.

"Violent artillery duels" were announced in the Tobruk and Sollum sectors of the North African battle front.

### Fierce Fighting

The war bulletin said extremely fierce fighting with attacks following counter-attacks between opposing armored and infantry forces raged on the central sector of the Libyan war zone and also in the Fort Capuzzo area.

The fall of Gondar, one of the last remaining Italian centers of resistance in East Africa, occurred as the result of a violent enemy attack, the war bulletin said.

During this assault, British troops penetrated the stronghold and overcame the defending forces.

According to the communiqué, the three British submarines were sent to the bottom by specialized anti-submarine devices.

### BLUNT WARNING IS GIVEN JAPAN ON AGGRESSION

(Continued From Page One) concerning arming of merchant ships.

It also was announced that American merchantmen sailing between U. S. ports and ports of Portugal, Spain and their adjacent island possessions, together with vessels engaged in inter-American trade, will not be armed at the present time.

Going To Warm Springs

Mr. Roosevelt said he was leaving for Warm Springs today and hoped to stay until Tuesday but did not know whether he would be able. The reason, he said bluntly, is the Japanese situation.

The official analysis of this government's position, which was made available to reporters, indicated that the American policy in the Far Eastern situation had been one based on infinite patience.

The situation seems serious, reporters were told, because the one desire of the United States is to have peace in the Pacific and to see that no steps are taken to alter that situation.

According to the analysis, this boils down to non-aggression in the future. It is based on a permanent peace between China and Japan.

It is based on a permanent assurance that aggression will cease in the Far East.

It is based on equal opportunity for peaceful trade.

**Hull Is Patient**

It was pointed out that Secretary of State Hull, with even more patience than President Roosevelt might have displayed, had been holding consultations with the Japanese since last April.

In the middle of these negotiations, came a Japanese expedition into Indo-China—which the United States considers far afield.

This move, according to the of-

ficial analysis, showed a parallel with Hitler methods in Europe.

Recalling German movements into Rumania and Hungary for the express purpose of attacking Yugoslavia, people of the United States are drawing a parallel and wondering whether the situation in the Far East may not place future relations between Washington and Tokyo in jeopardy if indicated developments materialize.

### Concern On Philippines

It was pointed out that the American flag flies in the Philippines Islands. A glance at the map will show that through military control of coaling and mandated islands the Japanese have drawn a horseshoe around the Philippines, open at the southern end.

The United States is expressly concerned about the Philippines, bearing in mind the Hitler method of a little move here and a little move there, always aimed at encirclement as a prelude to aggression.

Over and above the concern felt about the Philippines, the United States is fully aware to the dangers that would accrue if aggression should extend into the whole Pacific area.

Funeral services will be conducted Sunday afternoon at 2 o'clock, from the New Virginia Methodist church with the pastor, Rev. Paul Leyga, officiating. Interment will be in Moorefield cemetery.

The body, removed to the Cunningham funeral home, Leesburg, will be taken to the residence late this evening.

**Mrs. George G. Hanna**

After a long illness Mrs. George G. Hanna, aged 63, passed away at her home, 313 South Ray street, Thursday morning at 7:30 o'clock.

Mrs. Hanna was born in Slippery Rock township on September 28, 1876, daughter of Watson and Martha Prew Brandon. She was a member of the Second United Presbyterian church, the Margaret Huston Bible class and Gleaner's Missionary society of that church. Mrs. Hanna had always been active in church work as long as health permitted.

Surviving are her husband; the following children, Mrs. Isabel McKee, Mrs. Harvey Stickle, Martha Howard and Garvin, all of New Castle; five grandchildren and two brothers, James Brandon of New Castle and Roy Brandon of Youngstown.

The body has been removed to the Joseph B. Leyde mortuary, Highland at Winter, where friends may call and where funeral services will be conducted Saturday afternoon at 2 o'clock, with Rev. J. Calvin Rose, pastor of the Second U. P. church, officiating. Interment will be in Oak Park cemetery.

The family will receive friends at the mortuary this evening from 7 to 9 o'clock.

**Donald Keith Beatty**

Donald Keith Beatty, a well-liked and highly respected citizen of North Liberty (Slippery Rock, R. D. 4), passed away Wednesday evening at 8 o'clock following a tonsil operation. He was 19 years of age.

Beatty was born in Venango county, Pa., on July 12, 1922, son of Grover and Margaret Riddle Beatty. He had resided in North Liberty for 15 years and was a molder at the Cooper-Bessemer Corp. at Grove City. He was a regular attender of Sunday school and services at North Liberty Presbyterian church.

Survivors are his parents and the following brothers and sisters, Ralph, Maxine, Kenneth, Imogene and Grover, Jr.

on the ground, 200 vehicles, six railway trains and eight tanks, it was announced.

### Tanks Destroyed

Ten additional Soviet tanks were destroyed in a tank battle, the communiqué said.

Previously the high command announced that strong Soviet attacks had been defeated near Rostov-on-Don and in the Donets basin on the southern Russian front.

Russian forces were declared to have suffered "bloody losses," and the communiqué added that in some areas the battles were continuing.

On the central (Moscow) sector, it was claimed, German forces broke through strong Soviet defense positions.

Heavy artillery batteries also were declared to have staged a successful battle with ships off the northern port of Leningrad.

"Destruction of enemy railway tracks continues along the whole front," the war communiqué stated. "The enemy suffered severe losses in rolling stock."

"Day and night attacks of fighter units were directed against military establishments at Moscow and Leningrad."

## DODGE-KEMP WEDDING AT CENTRAL CHRISTIAN

In a quiet ceremony performed Wednesday evening at 6:15 o'clock in the study at Central Christian church, Miss Doris Dodge, daughter of Mr. and Mrs. William Dodge Ellwood road, became the bride of Donald Kemp, son of Mrs. Cecil Kemp, 112 South Mulberry street.

Rev. Sidney K. Bliss, pastor of the church, officiated.

For her wedding, the bride chose a plaid suit with black accessories. Her shoulder corsage was of roses.

The couple's only attendants were Ruth Miller and Leslie Kemp, brother of the bridegroom.

## NIGRO-BIASUCCI WEDDING IN CHURCH

St. Vitus church was filled with friends and guests Thanksgiving morning, Nov. 27, in the First Christian church. Miss Anna Mae Hartland, daughter of Mr. and Mrs. B. E. Hartland, 123 Park avenue, became the bride of James Dart of 750 East Washington street, the impressive event being marked by a note of simplicity.

At 11:30 o'clock the vows were pledged. Dr. G. S. Bennett, pastor, reading the service at 11:30 o'clock before a gathering of friends and relatives, filling the church almost to capacity.

Outlining but not concealing the altar were flowers, a few ferns and palms, while the bridal party stood.

A street length dress of beige tan with sand brown accompaniments made street length with three-quarter sleeves, was chosen by the bride, who was given in marriage by her father. Her shoulder corsage was formed with an orchid, and a gold chain, a gift of the bridegroom, was her only jewelry.

Mr. and Mrs. Wilbur Stiritz, sister and brother-in-law of the bride, were their attendants. She wore a lime green street length crepe dress, with cinnamon brown accessories. Her shoulder bouquet was of tea roses and yellow baby mums.

As Lewis A. Pearsall Jr., brother-in-law of the bride and Albert Jones ushered the guests to their seats. Mrs. Kathryn Nessie Allen, organist, played a program of appropriate selections. She responded echoes of nuptial numbers softly as the ceremony was pronounced, and following, Mendelssohn's Wedding march was heard.

Congratulations were received by Mr. and Mrs. Dart, and during the afternoon a reception for relatives and friends was held at the home of the bridegroom's aunt, Miss Iretta V. Dart, where he makes his home. Preceding, breakfast was served members of the immediate families, buffet style.

Mr. and Mrs. Dart left later on a trip to Washington, D. C., and other points of interest. Upon returning, in about 10 days, they will reside for the present, at 750 East Washington street.

The bride, a graduate of New Castle High school, is associated in the offices of the Chevrolet-Kevstone company. The bridegroom, also a graduate of the local high school and of Slippery Rock State Teachers college, is a member of the teachers' staff at Rose Avenue school.

Included in the out-of-town guests were Miss Jennie Reynolds of Washington, Pa., and Mrs. D. N. Hartland, grandmother of the bride, who just arrived here from Florida.

### Section B Meets Tonight

The event was held in the nature of reception, however, friends being received informally.

In the late afternoon, games and tract practice were the forms of the entertainment. A delicious lunch was served afterwards by the hosts

### Surprised On Birthday

A number of friends and relatives gathered as a surprise party on a recent evening at the home of Mrs. Sherman Houk, Gibsondale, on the occasion of Mrs. Houk's birthday.

During the evening a trio composed of Albert M. Brown, Marshall Hogue and Sherman Houk rendered harmonica numbers. There were violin solos by Marshall Hogue. An oyster supper was served at the end of the evening.

## GRIFFIN-CARR WEDDING OCCURS AT BESSEMER

Quietly celebrated but most impressively carried out, was the wedding which took place Thursday afternoon, November 27, in the Presbyterian church of Bessemer, of interest to many, the principals being Miss Frances A. Griffin, daughter of Mrs. P. W. Griffin of Bessemer, and the late P. W. Griffin and H. Spencer Carr of New Brighton.

Rev. R. M. Touvell, pastor, officiated, using the single ring service the vows being pledged at 4 o'clock in the presence of a gathering of friends and guests.

Mr. and Mrs. Kemp will reside at 112 South Mulberry street. The bridegroom, a graduate of New Castle high school, is associated with the Johnson Bronze Co.

At 8:30 o'clock the vows were pledged. Dr. G. S. Bennett, pastor, reading the service at 8:30 o'clock before a gathering of friends and relatives, filling the church almost to capacity.

London Says Military Situation For British In Libya Is Improved

### ENEMY COLUMN IS INTERCEPTED

(International News Service) LONDON, Nov. 26.—The military situation of British forces in Libya is "continuing to improve", British authorities in London declared today.

As far as is known, they declared, the junction between the main British forces and the garrison fighting its way out of Tobruk has been maintained.

Military authorities said that an enemy column which was reported to have crossed the Libyan-Egyptian frontier Nov. 25 in the Sidi Omar area was intercepted yesterday.

#### Moves Westward

At that time it was proceeding in a westerly direction after having been joined Nov. 26 by elements from small enemy columns in the area between Bardia, Haifa and Sidi Azeiz.

British armored forces attacked this enemy force yesterday afternoon, authorities said, but result of the engagement is not yet known. The fight was said to have started about 12 miles south of Gambut, the coastal port occupied early this week by New Zealand forces.

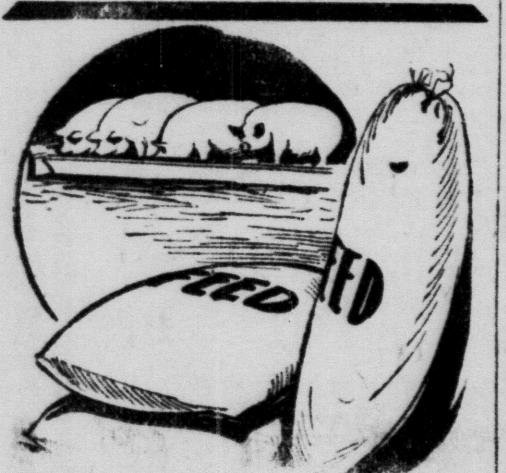

When the enemy column first raided the Sidi Omar area, authorities said, British aircraft and artillery forces bombed and shelled it.

Later, when the column approached the frontier, it was attacked by British tanks and split up into small units.

These elements subsequently turned

Today's civilians can use buttons or pins. Our second thoughts, no, not pins. They're made of metal, too.

In connection with shortages, a screach comes from South America that we're not sending the new world Latin republics any new airplanes, as a result of which their transportation facilities are going to smash in big time.

We don't realize here how dependent the southern continent is upon aviation.

We do a lot of flying ourselves, but we can, if necessary, ride in railroad trains, not quite as fast as a plane travels, but at a pretty fair jog. South America, though as big as all outdoors, has very inadequate rail systems. There travel by plane became general a good deal sooner than it did in the United States.

The alternative to it was by ocean. Oh, yes, some of it's done by auto, but you can't run a filer to much advantage over South America's primitive highways, and you can't run it through a jungle at all.

British Worse Off

To return to Yankee small business kicking, the point's made that it's jolted far worse in England than it is here.

On this side of the Atlantic there has been a good bit of sub-letting of contracts to little plants—not enough, maybe, but some. In England there has been practically none.

Well, the explanation's simple.

Plenty of our small factories are tooled for mass production—on a small scale, it's true, but they can adapt themselves to handling the kinds of jobs the emergency calls for, within the limit of their various capacities.

In England the little plants mostly are altogether un-tooled. They do their work by hand and just CAN'T adapt themselves.

American army and navy procurement officials undoubtedly do prefer to order from big producers.

It's more convenient to contract, at one swipe, with a single whale of a company than to fuss with a multiplicity of little ones. It's due to better economics in the long run, however, to keep the pwees going, instead of having 'em pop and remain dead permanently.

## Red Cross Roll Call Is Ended

Indications Point To One Of Most Successful Campaigns In Recent Years

## WORKERS ASKED TO MAKE RETURNS

One of the most successful Roll Call campaigns since the close of World War I, is indicated in the present drive which was concluded on Thursday. Roll Call chairman Norman E. Clark, stated today.

While complete returns are not yet in, preliminary reports from all districts indicate a most successful campaign.

It is ordered that the final report can be consolidated as soon as possible. Chairman Clark asks all workers to make their returns as quickly as possible. The Chapter will be open this evening from 7 to 9 o'clock for this purpose, and also on Saturday afternoon.

## Five Injured In Wednesday Crash

Two Require Hospital Attention, Wreck On Route 422

Five persons were injured, several of whom received attention in the Jameson Memorial hospital, in an auto collision just outside the city on the Youngstown-New Castle highway at 9:30 p.m. Wednesday. The injured:

Joseph T. Cwynar, 52 High street; bruises and cuts on a knee.

Joseph Jaworski, 13 Cliff street; facial cuts and bruises to a leg.

**Indian Ceremonial Assured As Chief Gets His Release**

**"Fire God" Jailed For Check Raising, But Annual Rites Will Take Place**

(International News Service)

GALUP, N. M., Nov. 28.—The Great White Father, Uncle Sam today recognized the fact that the Zuni Indians near Gallup could not hold their annual fire ceremony without their "fire god."

As a result, the Zuni "fire god" whom the Great White Father had detained in jail for the entirely earthly reason that he was suspected of raising a government check from \$1.50 to \$81.50, was released.

Heinrich Korby, lecturer, presented a fine program in the Grange Hall, Tuesday evening, when Booster Night was observed. After a short business meeting under the direction of Master Wilbur Robinson, the meeting was thrown open to the public. A large attendance of visitors and Past Master was noted.

The musical part of the program was in charge of Mrs. Angie Atkinson, and the songs which were popular during the war periods of the past, were enunciated, and a song of each particular period was sung. Sarah Jane McCreary gave two humorous readings, and there was also a short one-act play given by members of the grange.

The program closed with the reading of Tennyson's poem, "Lady Clare," by Mrs. Ruby Hoffmaster.

Refreshments were served and a social period was enjoyed afterwards.

The next meeting in two weeks will be in charge of the Home Economics committee.

**RIFLE CLUB WILL SHOOT AT WARREN**

The New Castle rifle club will go to Warren, Ohio, this evening for a Penn-Ohiio league shoot, it was announced by George Finley, president of the club.

The members will meet at the corner of Grant and Jefferson street at 7 o'clock to make the trip to the Ohio city.

The News by Mail for 1 Year, \$5.00.

**FLIER GROUNDED HERE BY WEATHER**

Al Tell, of Trenton, N. J., was grounded at the New Castle Airport this morning by bad weather, and was still at the port at noon waiting for favorable reports.

Tell, flying a Luscombe, was enroute to his home field when he was forced to land here.

**Pennsylvania Has  
Approximately 65,000  
Selectees In Service**

By RAYMOND WILCOVE  
International News Service Staff  
Correspondent

HARRISBURG, Nov. 28 — The first anniversary of the induction of draftees finds approximately 65,000 of Pennsylvania's 1,306,896 registered men serving in the U. S. Army state selective service headquarters disclosed today.

It was a little more than a year ago, on November 25, 1940, that the Army issued its first call for 770 men in Pennsylvania. The 18th army call is now being filled, with the last of the 4,668 men in this call scheduled to arrive at camp to day.

Selective service officials revealed

that by November 15 a total of 63,528 men had been inducted into the Army and they estimated that accretions from the current call would bring the number to 65,000.

Looking back over the year that has passed, selective service officials recalled that the first call was the smallest and was followed by a large one during December 1940 when no one was called up. The following January 3,434 men were summoned and the inflow of men into Army camps has been constant since then.

The largest call for men during the past year was for 11,254 during the period of October 8-31 of this year. The other calls are now being completed today, one for 2,051 for the period of December 8-11 and the other for 7,751 men between January 5-30, 1942. The latest call will bring to approximately 75,000 the number of Pennsylvania's draftees in khaki uniforms.

PITTSBURGH, Nov. 28 — A four  
alarm fire hit a 10-family apartment  
in Hazelwood today, routing  
30 persons from the building and  
causing an estimated \$5,000 damage.

Two women occupants, Mrs. Edna  
Kelly, 38, and Mrs. James O'Brien,  
raced through the apartment and  
roused the families from their beds  
all escaped.

The flames were confined to an  
unused furnace room, two apart-  
ments, a confectionary and a clean-  
ing shop on the first floor.

## News And Views From Pennsylvania Capital

(International News Service) HARRISBURG, Nov. 28.—Gov. Arthur H. James appears to have put the Democrats behind the proverbial eight-ball, as far as reduction of taxes is concerned. The request by Democratic House Leader Leo A. Achtermann that the governor call a special session this year to reduce taxes was an attempt to offset this, but the maneuver apparently will not succeed. Instead, Governor James made it evident that if he sees the way clear there will be a special session of the legislature next summer to reduce the taxes, otherwise he will suggest a tax cut to the 1943 regular session.

In view of the fact that there is an important general election next year at which a governor, a legislature, a congressional delegation and numerous other important state officials will be chosen the odds are in favor of a pre-election special session. The Democrats feared this would happen and attempted to head it off by pushing through tax reduction legislation at the regular session which ended last July 17. But Governor James' opposition, upheld by the Republican senate, stymied that. When and if a special session is called this year for congressional reapportionment, there is no way the Democrats can take up tax reduction without the governor's consent. They must wait until he is ready.

Sudden end of the captive mine strike came as a relief not only to President Roosevelt but to Governor James and Sheriff Charles T. Frock of Fayette county as well. Neither wanted the state police sent in to take over the mines, as the exchange of telegrams, words and statements between them clearly showed. If the sheriff had assured the governor that the "situation was out of control" then the governor would have sent in the state troopers to seize the mines. In that event the sheriff would have been blamed by the striking miners, a potent political force in southwestern Pennsylvania, for seizure of the mines by

either the state police or the army.

Although Mill Commissioner John J. Snyder's four-year term expired on May 1, 1941 he is still serving because Governor James has failed to appoint a successor. Under the law Snyder will continue to serve until his successor is appointed. Snyder was originally appointed by former Gov. George H. Earle on May 3, 1937. The only other member of the three-member milk-control board is Chairman John M. McKee who has been serving since June 13, 1939 under interim appointments the senate never having confirmed his nomination.

February 28, 1942 is now said to be the deadline for enactment of a congressional reapportionment law. On that date the secretary of the commonwealth must inform county authorities what names must appear on the May primary ballots.

### B'nai B'rith Dinner Speaker Announced

District Head Coming For Past Presidents' Affair December 7

District President Nathan H. Zeebe of B'nai B'rith will be the principal speaker for the Past President's Night dinner of New Castle Lodge 609 in the social hall of Tifereth Israel synagogue, 1119 South Jefferson street, Sunday, December 7 at 6:15 p.m.

Thirty-two former leaders of the lodge, nine of them deceased, will be paid tribute that evening. A film will be shown following the district leader's talk.

The dinner will be prepared and served by the Tifereth Israel sisterhood.

### Georgian Cashes In On Peat Moss Bogs

VALDOSTA, Ga., Nov. 28.—An entirely new development recently begun here, is bringing a fortune to its creator, John Nicholas, of Canton, who bought a 50-acre of drained bog, with a spongy cork-line surface, from which he produces peat moss, used for fertilizer and mulch.

Boomed by the war and its blockade of shipping, \$40,000 worth of orders have been received to date. The owner of the bog which was secured at a small price, arranged with Mike Carsello to process the peat, which is cut into small neat blocks, dried and shipped to nurseries. Though principally used for plants, it may also be adapted for fuel.

Said Carsello: "The valuable peat itself extends downward into the earth 25 feet or more, and so far, no more than the surface has been scratched."

In the moss formations are found layers of fine white sand, which once swept over Georgia, and estimates that it took from 300 to 500 years for the peat to form. Huge moss-covered turtles, arrowheads and strange eels have also been brought to the surface.

News broadcasters sound elegantly educated when they use French terms, but what's the good of it if listeners don't understand?

### State Funeral For Late German Airman

Field Marshal Goering Heads Ceremony For Late Colonel Werner Moelders

(International News Service) BERLIN, Nov. 28.—A state funeral was held in Berlin today for Col. Werner Moelders, Germany's foremost air ace who was killed with several other persons last Saturday when an air liner bound for the Russian front from Berlin crashed near Breslau.

Field Marshal Hermann Wilhelm Goering, Luftwaffe chief, led the procession of mourners from the air ministry to the cemetery where Moelders was buried.

Earlier, Goering delivered a eulogy of the airman at the air ministry.

Moelders had been credited with shooting down 103 enemy planes in the current war in addition to 20 in the Spanish war. He and his companions were killed while flying back to the front in a transport after attending Udet's funeral.

McGAFFIC-HEIM WEDDING FRANK C. McCREARY'S PLAN FOR "OPEN HOUSE"

At 10:30 o'clock Thursday morning in the parsonage of St. Paul's Lutheran church, Miss Doris McGaffic, daughter of Mr. and Mrs. Arthur McGaffic, Highland avenue extension, became the bride of William Heim, son of Mrs. Frank Heim, 1242 West State street. Rev. A. M. Stump officiated with the single ring ceremony.

The bride chose a navy blue ensemble with matching accessories. Her shoulder corsage was of pink roses.

Mr. and Mrs. Floyd Linton attended the couple.

Immediately following the ceremony, the young couple left for Warren, Pa., where a wedding dinner was served in their honor by Mr. and Mrs. Harry Nelson, aunt and uncle of the groom.

From Warren Mr. and Mrs. McGaffic left on a trip which will include parts of New York State and Canada.

After December 10 they will be at home in their newly furnished apartment at 1105 Highland avenue.

Mrs. Heim is an employee of the G. C. Murphy company. Mr. Heim is employed by the C. and S. Coal and Clay company of Zelienople.

SHULANSKY-WILLIAMSON WEDDING THANKSGIVING

Simplicity marked the pretty wedding ceremony which was performed in the parlors of the First Baptist church on Thanksgiving, November 27, when Miss Doris M. Shulansky, daughter of Mr. and Mrs. Ben Shulansky of the Youngstown road, became the bride of Frank L. Williamson, Jr., son of Mr. and Mrs. Frank L. Williamson, Sr. of Robinson street.

The service was read at 11:30 o'clock in the morning, the Rev. Oliver W. Hurst, pastor, who used the single ring.

A powder blue street length dress with burgundy accessories, was chosen by the bride for her marriage and her shoulder corsage was of gardenias. Miss Violet Micco, cousin of the bridegroom, was attired in a teal blue dress, street length with burgundy accompaniments, her shoulder corsage was made up of yellow baby mums and roses.

After a short congratulatory period, a reception and dinner was held at the home of the bridegroom's parents, for the immediate families at 1:30 o'clock. Following, Mr. Williamson and his bride, left on a trip to Cleveland, Ohio, for several days, taking up residence here upon returning.

The bride has been an employee of the G. C. Murphy Company, and the bridegroom is associated with the Shenango Pottery Company.

**SANFORD-McCONAGHY ANNIVERSARY DINNER AT L. F. PETERSONS'**

A family dinner was served at the home of Mr. and Mrs. Leonard F. Peterson on East Wallace avenue Thursday, November 27, the event having been planned as a medium of observing their third wedding anniversary.

Places were arranged for a full course meal at a table beautifully appointed, gold and bronze mums being used as the centerpiece. The time following was spent most informally.

**Jolly Merrimakers**

The December meeting of the Jolly Merrimakers club will be in the form of a Yuletide party at the Ray street home of Mr. and Mrs. Robert King, hosts, the plans being outlined at their last session held recently in the home of Mrs. L. C. Gray, Ellwood-New Castle road, R. D. 1.

Cards were in play and games also were featured. Lunch was served at a later hour by the hostess, Mrs. J. Montenay, aide.

During the business routine, officers were elected as follows: president, Robert King; secretary and treasurer, Mrs. J. Nemeth; press reporter, Mrs. L. C. Gray.

**Busy Fingers Club**

Mrs. Carmen Navara entertained the Busy Fingers club Tuesday evening in her home, West State street.

An informal time was enjoyed with games and contests, the prize going to Mrs. Angie Augustine. Mrs. Mary Goclano captured the club token.

A delicious lunch was served by the hostess, assisted by her daughter, Rose, December 9, is the date for the next meeting with Mrs. Albert Colella, Lyndal street.

Howard Smith served the bridegroom as best man and ushers were: Graham Sanford, Jack Sanford, Alex Mathieson and Robert McNease.

A congratulatory period was held at the church following the ceremony, and later a wedding reception was held at the residence of the bride's parents, Mr. and Mrs. Bert Sanford, Wilmington avenue.

Mr. and Mrs. McConaghys departed on a southern wedding trip for a week, and upon their return will take up residence at 101 Ormand avenue, in Sharon, where Mr. McConaghys is affiliated with the Sharon Steel Hoop Co.

**S. S. D. Club Meets**

Mrs. Fred Scungio was hostess to the S. S. D. club, Wednesday evening, when they gathered in her home, South Jefferson street.

Special guests present were Phyllis Sants and Mrs. Frank Ross, and they assisted the hostess in serving a delicious lunch later in the evening.

During the session, card playing was the main diversion, prizes going to Mary Sants, Mrs. Rose Scungio and Mrs. Joseph Merando. Mrs. Jennie Scungio was honored on her birthday anniversary and received a lovely gift. The club token was received by Mrs. James Merando.

On December 10, the group will meet with Mrs. Joseph Scungio of Cunningham avenue, for their meeting.

**Eight Spots Club**

Members of the Eight Spots club met with Phyllis Pugh, Sheridan avenue, Wednesday evening.

Two tables of 500 were in play, high score prize going to Doris Johnson and Betty Lawton, the latter a special guest.

Plans were made for a New Year's party. Later the hostess served lunch with the assistance of her mother, Mrs. Charles Pugh.

The next meeting on December 10, will be with Eleanor Jordan, Winter avenue.

**G. F. Club Meets**

Frances Chill entertained the G. F. club, in a local tearoom, Wednesday evening.

Rose Copple captured the club token, and card prizes were won by Mrs. Anna Copple and Mrs. Florence Caruso. Plans were made for a Christmas party on December 17 at the home of Rose Copple, Friendship street. The birthday of Rose Copple was held, and she received a gift from her big sister.

The next meeting will be on December 10, with Clara Copple, of Wabash avenue, as hostess in a downtown tea room.

**T. H. W. Club**

With five hundred as their pastime, the T. H. W. club met Thursday evening with Mrs. John Smith of Hazelcroft avenue.

First prize went to Mrs. Hazel Owens, with awards also falling to Mrs. Grace Houk, Mrs. Clarence Shoop.

Thursday, Dec. 4, Mrs. Hazel Owens, Highland avenue, will entertain the T. H. W.

# Lend-Lease Fund Is Used To Train Anti-Axis Army

Belgian, Greek, And Polish  
Forces Are Being  
Trained

NOW TRAIN IN  
MANY PLACES

By JACK VINCENT  
International News Service Staff  
Correspondent

WASHINGTON, Nov. 28—Some  
of the money made available under  
the lend-lease program is being  
spent to keep British sailors in Ameri-  
can CCC camps while their ship  
are undergoing repairs in Ameri-  
can ports it was learned today.

Other sums in the form of air-  
planes, tanks, guns and food are  
being used by Britain with U. S.  
knowledge to fulfill pledges of aid  
they have made to other countries  
such as Turkey.

Millions also are being expended  
for equipment and supplies to train  
new armies for the time when a sec-  
ond front can be opened up in Eu-  
rope or the Near East.

It was learned that a Belgian  
Army is being trained in the Bel-  
gian Congo, a Greek and Yugoslav  
Army in the Middle East, and a  
Polish Army in Canada. The need  
of these troops for supplies, one of  
official said, is probably responsible  
for the recurrent reports in Wash-  
ington that a United States Army  
of 6,000,000 men is planned. The  
army buys most of the supplies fun-  
neled to those troops.

plies they needed. The Dutch East

find themselves if Japan moves  
southward.

American supplies also are being  
moved into China, one shipment re-  
cently included 100 of the fastest  
support ships. China soon will re-  
ceive some of the latest four-motor  
bombers.

England, Turkey, Russia, China  
the Belgian Congo and the 21 Latin  
American countries are all re-  
ceiving aid in one form or another.  
It includes everything from food  
for the British sailors in American  
CCC camps to howitzers for the  
Turkish Army—howitzers that the  
Turks once paraded defiantly be-  
fore the eyes of visiting Nazi gen-  
erals.

## Several Scruffles Reported

British sailors, in some cases, are  
causing port authorities trouble, it  
is reported. One English tar told a  
newspaper photographer at Norfolk  
Va., that the United States was  
"yellow" for not entering the war.  
It nearly caused a fight. At some  
ports, it is reported here in Wash-  
ington, actual fights have occurred  
between the British sailors and Amer-  
ican soldiers.

It is another little ramification  
from the lend-lease program. There  
also have been other incidents  
which caused momentary bitterness,  
including England's early criti-  
cism of American-made planes  
and more lately reports that British  
tank production. England was cool  
toward the plans for production of  
U. S. medium tanks until Dunkirk  
then began clamoring for them.  
Medium tank production has been  
increased 15 times since January  
and they are beginning to flow to  
Africa, England and the Near East.

Reports of Red Tape

On the other side of the fence, it  
is reported that some American of-  
ficials in the old Office of Defense  
Aid unnecessarily delayed British  
requests for lend-lease aid by send-  
ing back the requests asking for  
more details. Some department  
heads, it is reported, have sent such  
requests back to the British three  
or four times causing weeks of delay  
although the general policy  
earlier had been approved by the  
White House.

Both American and British officials  
in Washington are striving to  
eliminate such incidents. But they  
reflect the fact that all is not yet  
harmony in the lend-lease program  
although both countries agree on  
its objectives.

## First Selectees End Year's Service

Thursday Was First Anniversary  
Of Induction Of  
Local Men

Just one year ago Thursday, New  
Castle's first selectees entrained for  
their year's hitch in the army, but it  
is unlikely that any of them will  
return home soon, unless they are  
over 28 years of age.

Those who went to Pittsburgh for  
examination, were: William J.  
Ayers, Theodore Lelenko, Augustus  
White, Frank W. Shook, Louis Sam  
DeMasse, Pascual Addamo, Edward  
C. Kielar, and Stanley J. Szewczyk.

Of this number, two were rejected in  
Pittsburgh, and the other six went  
on to Camp Meade to begin their  
army life.

## Thanksgiving Day Service

First Church Of Christ, Scien-  
tist, Has Special Program  
On Thursday

A Thanksgiving day service was  
held by First Church of Christ  
Scientists, of New Castle, in the  
church edifice, Moody avenue, at 11  
o'clock on the morning of Thanksgiving  
Day. The mother church, The First Church of Christ, Scien-  
tist, in Boston, Massachusetts, and its branches in the United States,  
held Thanksgiving day services each  
year. The service by First Church  
was in keeping with this custom.

"Thanksgiving" was the subject of  
the lesson-sermon read at this service.

After the responsive reading in  
which the congregation took part,  
Mrs. Bertha Leslie, the second read-  
er, read citations from the Bible,  
and Leland Hotaling, the first read-  
er, read the correlative passages  
from the Christian Science textbook,  
"Science and Health with Key to the  
Scriptures" by Mary Baker Eddy.

There was congregational singing  
of hymns from the Christian Science  
Hymnal, and the soloist, Mrs. L. P.  
Friend, sang "My Earnest Plea" by  
Lowery.

After the lesson-sermon, the  
Christian Scientists in the congrega-  
tion were given the opportunity to  
express their gratitude for the  
blessing that had come to them during  
the past year. The time was fully  
taken with testimonies of healing and other benefits received.

Teachers' College  
Will Stage Show

"Pygmalion" To Be Presented  
At Slippery Rock On  
December 5

(Special To The News)  
SLIPPERY ROCK, Nov. 28—  
The dramatic department of Slip-  
pery Rock State Teachers college is  
offering its first full length play  
of the year on Friday, Dec. 5, at  
8 o'clock in the Little Theater on  
the campus. James A. Sheehy, the  
dramatic director, has chosen for  
this occasion a celebrated comedy  
by Bernard Shaw, "Pygmalion." A  
number of the student actors who  
will appear at this time have taken  
prominent parts on the college stage  
in previous years. The leading roles  
will be taken by Catherine Smith and  
Tommy Thompson. The members of the cast are as follows:

Mrs. Eynsford-Hill — Marjorie  
Nicholas.

Clara Eynsford-Hill — Frances Wil-  
son.

Frederick Eynsford-Hill — Earl  
Carless.

Eliza Doolittle — Catherine Smith.  
Colonel Pickering — James Howley.  
Henry Higgins — Tommy Thompson.

Bystanders: Robert Sinclair, Win-  
field Kiesler, Edwin Brenner, George  
Kalugar, Howard Jones.

Mrs. Pearce — Nancy Shrim.  
Alfred Doolittle — Charles Hough.  
Mrs. Higgins — Marjorie Hall.  
Parlor Maid — Helen Faulk.

Subsequently, Knox said, he re-  
ceived checks totalling \$2,225.79  
from Colliers, the Saturday Evening  
Post, Liberty and American  
magazines and that there were im-  
mediately endorsed and turned over

to the Navy Relief society which  
cares for dependents of enlisted  
men.

Knox added that he never knowingly  
withheld information from  
American newspapers for the pur-  
pose of using it in a magazine article.

Citing one instance in which such  
an article disclosed for the first time  
that an American observer was  
aboard the Nazi battleship Bismarck,  
Knox said that he did not know  
about it until the article was ready  
for publication. He said the facts  
were obtained by a staff member  
of the magazine and that a naval  
officer agreed that the item could  
be used.

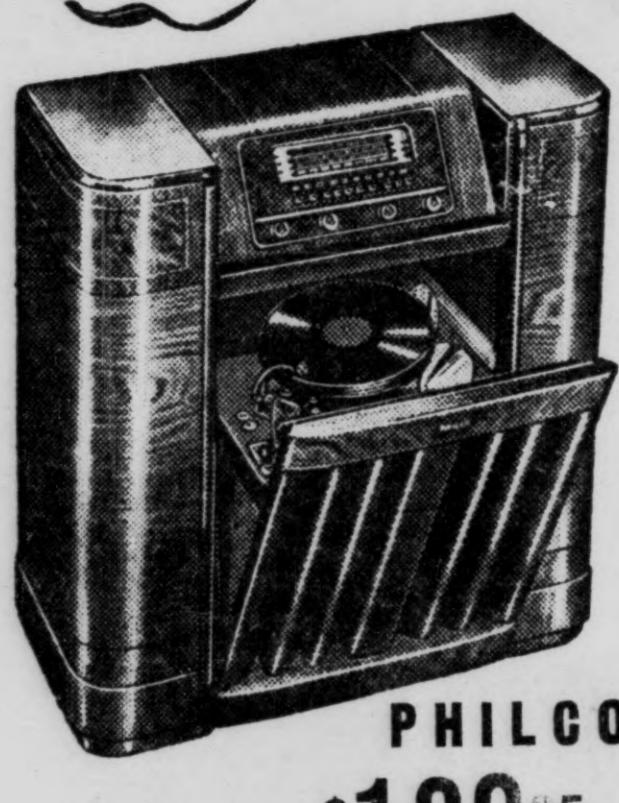

The 1940 census revealed that  
there were 101 males to every 100  
females in the United States.

Says Regulation  
Of Coal Market  
Is Still Needed

(International News Service)

WASHINGTON, Nov. 28.—Bituminous Coal Director Howard A. Gray told Secretary of Interior Ickes in his annual report that there is a need for continued market regulation to stabilize the soft coal industry, despite increased production caused by the defense program.

He said that producers continued to sell their coal at prices substantially under the minimums right up to October 1, 1940, when the government prices became effective.

He said that producers continued to sell their coal at prices substantially under the minimums right up to October 1, 1940, when the government prices became effective.

He said, violations of the minimum price regulations continue to occur and individual producers from time to time continue to ask for revisions in minimum prices because of competitive conditions.

The report, covering activities for the fiscal year ending June 30, 1941, said that the history of the industry and a study of current conditions show that the increased demand for coal would be insufficient as a

substitute for the basic stabilization provided by the bituminous coal act.

Minimum prices and marketing rules and regulations which maintain a "cost-floor" under the sale of coal have been established under this law. These were designed to prevent destructive price cutting and unfair trade practices which were common in the coal-producing industry for many years. Gray said.

Gray pointed out that in the absence of market regulation, price cutting and other undesirable conditions in the industry caused huge losses in years when the demand for coal was a great deal higher than the approximately 500,000,000 tons predicted for this year.

He said that producers continued to sell their coal at prices substantially under the minimums right up to October 1, 1940, when the government prices became effective.

He said, violations of the minimum price regulations continue to occur and individual producers from time to time continue to ask for revisions in minimum prices because of competitive conditions.

Says War Will  
Be Won Or Lost  
By Iron And Steel

(International News Service)

PITTSBURGH, Nov. 28.—With the assertion that the "war will be won or lost by steel," Stanley B. Adams, chief consultant for OPM on iron and steel, assured Pittsburghers that this industrial empire has a rosy future ahead.

During the defense program itself this city will be a boom town because of its heavy steel industries.

# 'Closed Shop' Dangers In Some Industries Are Cited By Babson

By ROGER W. BABSON  
(Copyright—1941—Publishers Financial Bureau, Inc.)

BABSON PARK, Mass., Nov. 28.—Every cloud has a silver lining!—like many other good movements which start with unselfish intentions—gradually become "businesses". In many cases their leaders are receiving huge salaries and living like feudal lords. The jobs of these officials are so attractive that others are constantly trying to seize them. As a result, there is keen competition. Labor leaders think they must constantly be getting something for their group or at least must be getting publicity for themselves. They first secured collective bargaining; then better wages and working conditions. The only thing left for them to fight for now is the "closed shop".

## What Made America?

Free enterprise and the sanctity of contracts are largely responsible for America's growth. A study of your

BABSON community shows that its birth and growth has been due chiefly to a few men of character, energy and imagination. These started, either in cellars or garrets, and created successful businesses. They and their families knew all parts of the work; they could fill any job from running the machines to selling the product and keeping the books.

Through the succeeding one or two generations the owners of the companies became scattered and the policy was determined by bankers and lawyers. There was a constantly widening gulf between the wage earners and the stockholders. As a result of this absentee ownership, labor unions got started. Hence, collective bargaining has become universal in the larger industries.

## What About Labor Unions?

Certainly, the wage workers of a factory have as much right to combine, and negotiate through their own leader, as have the stockholders. Although many wage workers today would be receiving more money if they were not tied into their labor union, yet the total group in these unionized industries are perhaps getting more than they would if they were not unionized. I say "perhaps" as it is debatable whether workers' labor unions or companies' research laboratories are really responsible for the higher

standards of living which labor is enjoying today.

Unfortunately, labor unions—like many other good movements which start with unselfish intentions—gradually become "businesses". In many cases their leaders are receiving huge salaries and living like feudal lords. The jobs of these officials are so attractive that others are constantly trying to seize them. As a result, there is keen competition. Labor leaders think they must constantly be getting something for their group or at least must be getting publicity for themselves. They first secured collective bargaining; then better wages and working conditions. The only thing left for them to fight for now is the "closed shop".

## Closed Shop Dangerous

The closed shop is not a serious matter in some industries. It often removes friction. Of the 6,000,000 workers in America's ten leading industries, one-third are under closed shop practice. It has been favored by the Wagner bill, the National Labor Relations Board and even the new Defense Mediation Board. The danger comes when it is applied to an industry which is vital to all industries. This is the case with coal upon which all industries, including the railroads and public utilities, are dependent. John L. Lewis would even be able to say whether or not our homes are to be heated! Hence, President Roosevelt's promise not to yield to the United Coal Miners.

On the other hand—and this is what I especially desire to emphasize—worse things will happen unless we stockholders fight for our rights. Conditions make laws; laws do not make conditions. Congress must ultimately be swayed by the group which puts the greatest pressure upon it. The only people who can save "free enterprise" are the stockholders of our corporations—not dummy boards of directors or their paid officials.

The stockholders of America must develop the same ability, energy and fighting qualities as have these labor leaders. Labor, of course, needs a SEC and certain congressional legislation as have the railroads, public utilities and other corporations. Such legislation alone, however, will not be sufficient. Congress cannot supply stockholders with guts. In the meantime, instead of complaining about "picketing" why do we not stockholders do some picketing ourselves?

## Suggested Cures

The trouble goes back to the time when the founders' descendants were too lazy to run the business and sold out to Wall Street. Labor troubles can be eliminated only by eliminating absentee ownership. Industrial peace will come either through the workers becoming owners or by the stockholders becoming workers. The latter method offers the best solution.

A person is justified in buying the bonds of a company without paying much attention to its operation, but those who buy stock buy a responsibility with it. This especially applies to young people who are inheriting these stocks. They should realize that unless they are willing to learn and diligently work in the business from which they derive the most of their income they will some day be wiped out entirely. Instead of becoming lawyers or entering some other profession, the sons of employers should immediately train to enter their fathers' business or else get Dad to sell out the business and put the money into defense bonds!

## Advice To Investors

The ideal situation, even for an investor, is to have half of his money in the stock of two or three diversified corporations of which he is a director and for which he is training his children; then to have the other half of his money broadly diversified in a miscellaneous list of well-selected bonds and stocks!

**War Department Denies Charges**

**Issues Statement In Connection With Air Associates, Inc., Plant Action**

**Washington, Nov. 28.—**The war department today denied vigorously charges made by F. Leroy Hill, former president of Air Associates, Inc., Bendix, N. J., that the army had engaged in "unwarranted and arbitrary interference" with that company.

The war department said that after the army took possession of the plant it found that the company did not have the means to meet maturing obligations to banks and trade creditors. The war and navy departments jointly advanced about \$500,000 to the company, with the stipulation that the board of directors assure them that satisfactory management would be placed in charge.

Hill and his assistant, Harold Ira Crowe, then resigned at the suggestion of the board of directors. The war department took the position that when it agreed to extend financial aid to the company it took the same measures that any bank would take under similar circumstances, namely, insistence that the company give assurance of satisfactory management and continued production.

The war department statement also denied the claim made by Hill that they had rejected Raymond Acre, manager of the Los Angeles branch of Air Associates as the new manager of the company.

The war department statement added, "We have confidence that capable management will be obtained and that army control can soon be withdrawn and operation resumed under private management."

The navy modestly rules that the neckline of navy nurses' uniforms be 2 1/2 inches from the "intraclavicular notch".

**President Told  
Numerous Plants  
Available In State**

Idle Plants Could Be Utilized  
For Defense Purposes  
Is Report

(International News Service)  
HARRISBURG, Nov. 28.—Gov. Arthur H. James notified President Roosevelt that there are numerous idle plants available in Pennsylvania for defense production.

He offered to supply "on ten minutes' notice" a list of factories and sites for almost any conceivable defense purpose in Lackawanna county and elsewhere in the state.

His letter to Mr. Roosevelt was prompted by news reports from Washington that the government had assigned an investigator to determine whether idle plants existed in Lackawanna county, following a conference between the president, U. S. Sen. Joseph F. Guffey and Congressman Patrick J. Boland.

Governor James reminded Mr. Roosevelt that Pennsylvania a year ago furnished the national council of defense, with a list of 270 idle plants with a total working space of 39,100,000 square feet, which were suitable for defense production. Commerce department records show 19 vacant mills and factories in Lackawanna county alone, he said.

The question of bringing to distressed areas in Pennsylvania, where industrial conditions have resulted in wholesale unemployment, some proper share of the defense activities is one which has long been close to my heart," wrote the governor. "I have appealed time without number, and through every available channel, for defense orders for certain areas of Pennsylvania where the ratio of unemployment continues high."

Lackawanna county, he pointed out, is one of several counties which have received a relatively negligible amount of defense work. Primary defense orders in Lackawanna last July 1 totaled \$1,217,665, compared to \$1,320,492,088, or less than 1000th of the total, the governor said.

**Destruction Of  
British Tanks  
Announced Today**

(International News Service)  
BERLIN, Nov. 28.—Destruction of numerous British tanks in Libya was announced by the German high command today.

The war communiqué said the tanks were wrecked in heavy fighting, particularly in repelling attempted British sorties from Tobruk.

Troop concentrations and columns of enemy vehicles on the Marmarica front were dispersed by German dive-bomber and pursuit squadrons," the communiqué said.

**Long Underwear  
Back In Style**

(International News Service)  
NEW YORK, Nov. 28.—Attention you fashion plates!

Long underwear for men is coming back, but without the scratchy features of the longies worn in grandpa's day. Spurred by huge orders placed by the army and navy, underwear manufacturers today made it plain that two piece woolies will be worn extensively by American manhood.

The army is awaiting delivery of 7,500,000 of these modern combinations, streamlined, virtually itch-proof suits. The navy is getting 346,000 sets.

At any rate, the manufacturers report that production in the long underwear is up 150 per cent over two years ago.

**N. Y. A. Projects  
Are Curtailed**

Announcement Made Of Reductions In Many N. Y. A. Projects

**RESIDENT CENTERS TO BE CONTINUED**

John D. Freed, N. Y. A. project supervisor of this county, that projects in New Castle, Ellwood City and Plaingrove Township, will close down first of December.

Definite word, states Mr. Freed was received today concerning 30 per cent payroll slash in the National Youth Administration program in Pennsylvania.

One hundred and seventy Lawrence County youths will be affected by the cut. Twenty four girls will be transferred to a productive sewing project at the Aiken School on Pearson Street, this city, effective December 1, 1941.

**B. AND O. NAMES**

**OFFICERS FOR YEAR**

NEW YORK, Nov. 28.—At the meeting of the board of directors of the Baltimore & Ohio Railroad company held here Wednesday, Daniel Willard was re-elected chairman of the board of the company, and R. B. White was re-elected president. George M. Shriver was named senior vice president.

Those projects effected by the cut, other than the Margaret Henry Home, are such agencies as, Red Cross, Community Chest, various

City Hall offices, Ellwood City Hospital, school districts, and a game conservation project in Plaingrove Township.

**Training Centers To Be Continued**

All boys and girls wishing to enroll in the New Castle Resident Center, may still do so, by reporting to Room 510, in the Greer Building this city. There are openings in machine shop, welding, radio sheet metal, and auto mechanics, for the boys that enroll. The girls may choose between household management and industrial trades.

Every effort is being made to give those youths laid off the regular program, a chance to enter the Resident Center.

State Director Isaac G. Sutton indicated the number of N. Y. A. workers would be reduced from 3,200 to 2,948, by the end of December, and that this would necessitate a major reorganization of operations.

The cut in full time personnel throughout the state will amount to a saving of \$200,000 per year. N. Y. A. youth employment rolls will be reduced \$101,000 monthly beginning December 1, 1941.

There is still a possibility that six out of a previous twenty four will remain at the Margaret Henry Home, but other than that, the regular program is being closed out.

Those projects effected by the cut, other than the Margaret Henry Home, are such agencies as, Red Cross, Community Chest, various

**Diplomas Awarded  
To New Citizens**

**Graduation Exercises Held In  
Ben Franklin School For  
250 New Citizens**

New Castle acquired approximately 250 additional new citizens on Wednesday evening, when the first public graduation exercises took place in the Ben Franklin Junior high school, for all members of the illiteracy and naturalization classes, who have successfully passed the requirements.

The exercises were well attended by many friends of the graduates and started promptly at 7 o'clock with the singing of "America." Mrs. E. D. Woods, district deputy of the V. F. W., gave the tribute to the flag.

Acting as master of ceremonies was Wayne Canon, who introduced the principal speaker of the evening, Attorney Walter Kieler, who chose as his subject, "What Americanism Means To Us." Attorney's Kieler's topic was timely and well received by the group.

The presentation of the diplomas took place with Mrs. Agnes B. Howley in charge, and Anna Mae Smith calling the names. Mrs. Howley also gave fitting remarks.

Charles Marshall, commander of the Neshannock Post of the V. F. W. lead the group in the pledge to the flag, and the program closed with the singing of the "God Bless America."

Teachers of the classes who are

due credit for their cooperation are: Anna Mae Smith, Jennie Macarella, Anthony Paglia, Mary Shannon and Paul Quinn. Throughout the evening music was provided by Angelo Piligenzi, the recreation staff and the Talen club of the Pearson Street Community Center.

Announcement was made that those who were unavoidably absent at the exercises may obtain their diplomas from the following places: Aiken school, Madonna church, Columbus hall, Mahoningtown; Hillsville school, South New Castle Boro and St. Mary's. Diplomas will also be given to those who passed requirements last May. Classes which are usually in session every Friday evening, in the different localities will not be held this evening, but further announcement will be made on Monday.

The program was sponsored by the Works Project Administration Board of Education and the Veterans of Foreign Wars.

Plan Red Cross Drive Next Week

**New Wilmington Leaders For  
Campaign Named—Other  
News Of College Town**

**(Special To The News)**

NEW WILMINGTON, Nov. 28.—The New Wilmington Red Cross drive will be held from December 4 to 8, inclusive. The campaign is being sponsored by the local defense council, headed by Filmore Campbell.

Proceeds from the drive will go to replenish the treasures of the local chapter, the Lawrence County chapter, and the national organization.

The following canvassers have been appointed: James McLaughlin Jr., Mrs. Howard Temple, Mrs. Ralph Buchanan, Mary Kisick, W. A. Reed, Edwin Anderson, Mrs. Harold Burns, Mrs. Rodney Galvin, Mrs. Arthur Minteer, Mrs. Russell Wilson, Glenn Martin, Ellen Cotton, Dr. R. F. Williams, Mrs. Roy Cummings, Patricia Jones, Mrs. Gladys Wagner and Ross Ellis.

**ARRANGE CONCERT**

The New Wilmington District Young People's Council will sponsor a concert of sacred music by a group of colored singers from the Morris Chapel Manorial church in Farrel, Pa., on Monday evening, December 1, in the Rich Hill Presbyterian church. The concert, which is open to the public, will begin at 8 o'clock. A silver offering will be taken.

**TO PRESENT ORATORIO**

George Frederick Handel's greatest oratorio, "The Messiah," will be presented on Tuesday evening, December 9, in the New Wilmington United Presbyterian church, by a chorus of townspersons and students, four well-known soloists, and several members of the Youngstown Symphony orchestra.

W. W. Campbell, New Wilmington voice teacher and instructor in voice at Westminster college, will direct the production. Singers from Sharon, Ellwood City and New Castle will augment the college town chorus.

Soloists are: Alis Long, soprano; Mable King, contralto; Howard Price, tenor; and Reed Kennedy, bass, all from Pittsburgh. Miss Long and Miss King have sung in previous New Wilmington presentations of "The Messiah."

**CHEERLEADERS NAMED**

At an assembly held Wednesday morning, New Wilmington high school students elected Bettie Cummings, Margaret Minteer, and Robert Hindman cheerleaders for the school year. The cheerleaders will assume their duties for the first time at Tuesday night's basketball game.

**AID FARMER**

A group of friends and neighbors of Jeff Byler, including the Men's Bible class of the Neshannock Presbyterian church, spent Tuesday afternoon husking Mr. Byler's corn. Mr. Byler is confined to the hospital with two broken legs.

**CLUB TO MEET**

The Naccanna club will be entertained at the home of Miss Elizabeth McBane, of West Neshannock avenue on Friday evening, November 28.

**THURSDAY CLUB**

The Thursday club will hold its next regular meeting at the home of Mrs. Wilmont Lakey, New Castle street, on December 4. Mrs. Rankin Johnston will be co-hostess.

**STOLEN CAR FOUND**

The automobile belonging to Dr. R. F. Calbreath, which was stolen in Pittsburgh last Monday evening, has been recovered, according to Pittsburgh police. The car, a 1941 Buick, was somewhat damaged.

# Huge Sum Spent For Beauty Here

Beauty Parlors Take In Nearly \$100,000 Per Year Report Shows

**BARBER SHOPS GET \$126,000 FROM MEN**

(Special To The News)

NEW YORK, Nov. 28.—Feminine beauty in New Castle is maintained at its high level at the cost of \$91,000 a year spent in the city's 35 beauty parlors, it is disclosed in a department of commerce study just completed covering such expenditures in all cities over 25,000. The male population of New Castle achieves its glamour, however, with a greater strain on the wallet. The figures show that \$126,000 goes annually into the cash registers of the 67 barber shops in the city.

On the basis of the entire feminine population New Castle's fair ones spend \$3.82 per person in beauty shops annually, as compared to \$3.53 expended by the women of the entire country and \$3.12 by those in the state of Pennsylvania. The figures, however, do not include women's purchases of cosmetics, and are merely for the upkeep of the complexions, the wild waves and the fingertips. The men, including junior with his haircut, spend \$5.29 per capita as against \$3.51 for the nation and \$3.24 for Pennsylvania.

Despite the fact that \$462,653,000 is spent annually in the nation's 201,062 beauty parlors and barber shops, it is unlikely that these figures will decrease in the national emergency. It's the morale, the experts say. It must be maintained and good grooming goes a long way toward establishing one's peace of mind.

## Townships To Get \$6,641 From State

**LAWRENCE COUNTY PAYMENTS FOR ROADS AND BRIDGES WILL BE MADE**

(Special To The News)

HARRISBURG, Nov. 28.—Auditor General F. Clair Ross today approved requisitions totalling \$915,350 in regular semi-annual payments of state aid for the construction and maintenance of roads and bridges in townships of the second class due December first.

Sharing today's payments will be 1304 townships in 66 counties—Philadelphia alone having no townships of this class.

Still to be approved are requisitions representing another \$147,149 in similar payments to be made to the remaining 203 townships of this class. These payments are being delayed temporarily by the Department of Highways pending receipt and examination of supporting data required by law.

Topping today's payments is Lancaster county which will share a total of \$38,103. York county is second in order with payments of \$36,082, and Berks county third with \$31,659.

## C. I. O. And Defense Mediation Board Members Confer

First Meeting Since Murray And Kennedy Quit As Board Members

(International News Service)  
WASHINGTON, Nov. 28.—The C.I.O. and the National Defense Mediation Board were back on speaking terms.

President Nick A. Zonarich of the C.I.O.'s Aluminum Workers of America walked into Board Chairman William H. Davis' office and officially broke the silence that has existed between the board and the C.I.O. since the soft coal decision two weeks ago.

At that time C.I.O. board members, including President Philip Murray, resigned in protest that its decision "made it impossible for labor to retain any confidence in its future actions." United Mine Workers chief John L. Lewis attacked the board as "incompetent" and confidently predicted that its demise was at hand.

Zonarich, an alternate N.D.M.B. member, and Ralph Hetzel, C.I.O. economic adviser, met with Davis to hear the report of Paul Hays, special investigator appointed by the board to settle wage questions arising out of a three-month old dispute between the union and the Aluminum Company of America at five plants.

Rumor has it that the report, which was not made public, recommends wage increases for thousands of C.I.O. members. Either Zonarich must forego the wage gains and leave the question to more painful solution or he must forget that the C.I.O. is boycotting the board.

Davis said that Zonarich and A.L.C.O.A. officials, who were also present at the meeting, must either voluntarily agree on the basis of the report or return to the board for further hearings.

# Anti-Strike Plan May Be Modified

Two Congressional Committees In Secret Session To Frame Measures

By WILLIAM S. NEAL  
International News Service Staff Correspondent

WASHINGTON, Nov. 28.—Two major congressional committees were called into secret session today to frame anti-strike measures amidst indications that stiff opposition of organized labor may result in sharp modification of many drastic proposals.

The senate judiciary committee was expected to order a favorable report on the bill of Sen. Connally (D) Texas, which expands government power to seize strike-bound plants, "freezes" labor relations while plants are in government control and creates a board to adjust wages to meet cost of living changes.

The house labor committee also may frame a measure along the lines of the Connally proposal, it was indicated, as Rep. Ramspeck (D) Ga., planned to offer a modified version of his own bill for action.

Despite indications of congressional weakening on drastic legislation such as virtually compulsory arbitration, the house judiciary committee held a club over the labor committee with a threat to report the Smith bill.

## DECISIVE STAGE IS NEAR IN MOSCOW BATTLE SAY REDS

(Continued From Page One)

that fighting is continuing in that region with "unabated violence."

### Last-Ditch Stand

Earlier Soviet authorities had conceded Nazi advances on the defensive arc northwest, west and southeast of Moscow. Radio appeals were sent to the defending forces for a last-ditch stand.

Pravda said the "Moscow battle has entered a decisive stage" but added:

"Germany is standing on the verge of catastrophe."

The high command's military communiqué merely said that fighting had raged along the entire front. It added that on Wednesday 19 German planes were destroyed, while the Russians lost only four machines, and that 15 German planes were brought down near Moscow yesterday.

Reports to Kuibyshev indicated the Germans had broadened their attack on Moscow to include every sector from Klin on the northwest to Stalingorsk on the southeast.

### Claim Transports Sunken

While this massive enveloping move led to bitter fighting around the capital, Russian authorities claimed Soviet submarines cruising off enemy shores sank an oil tanker and five transports loaded with troops and war equipment. It was

believed officially that these vessels were sent to the bottom in the Black Sea.

On the Moscow front, it was admitted, the Germans were making some progress in a number of salients with the aid of hundreds of supporting tanks. The Nazis apparently were attempting to sever Moscow communications by cutting the railways and canals connecting the metropolis with other parts of the country.

The advancing Germans were reported still suffering immense losses in material and men. A supplemental announcement said the Red air force destroyed 105 German tanks, 600 troop-laden trucks, 10 field guns, 109 freight cars loaded with shells and seven gasoline tank cars in heavy attacks on Wednesday.

It was reported Soviet airmen also "wiped out" an enemy infantry regiment and a cavalry squadron.

Troops in one sector of the Moscow front were declared to have "annihilated" more than 2,000 men and 15 tanks in a single day's fighting.

The trappers reported that the plane's gas tank was punctured but otherwise it seemed to be in good condition.

Searching the locality, the trappers, two men named Rhynes and Benoit, found no trace of Smith or his body.

Smith took off from Old Orchard Me., on May 28, 1939, and his "baby clipper," a tiny ship which weighed only 670 pounds and an early morning sun glinting on its silver nose was the last anyone saw of it.

The 24-year-old pilot set his course for Slyne Head, Ireland, but apparently got no further than Newfoundland.

He carried sufficient food for only a few days, a revolver, fish poles and first aid kit.

Entire Far East Plunged Into State Of Expectancy Today

(International News Service)

SINGAPORE, Nov. 28.—A new convoy bearing still more reinforcements for British defenses at Singapore arrived at this far eastern stronghold today.

The reinforcements arrived from the British Isles. Authorities said the voyage was uneventful.

The entire Far East was plunged into a state of expectancy as reports arrived from Washington that the negotiations between the United States and Japan are deadlocked.

British authorities in Singapore decided to speculate, but reports from numerous quarters of the Orient indicated Japan's armies in China, Indo-China and elsewhere are prepared to act at short notice.

According to these advices, the Japanese forces have taken advantage of the recent lull to take up new positions, from which they apparently are ready to strike—possibly first at Thailand—if Tokyo gives the signal.

Game Warden Is Accidentally Shot

(International News Service)

OIL CITY, Pa., Nov. 28.—Hays T. Englert, game supervisor of division F, comprising northwestern Pennsylvania counties, was a patient in Oil City hospital today suffering from gunshot wounds in the face.

Englert was wounded accidentally by a hunter near Townville, Crawford county, yesterday. Hospital attaches said his wounds were not serious, and that he has been resting comfortably.

Pravda said the "Moscow battle has entered a decisive stage" but added:

"Germany is standing on the verge of catastrophe."

The high command's military communiqué merely said that fighting had raged along the entire front. It added that on Wednesday 19 German planes were destroyed, while the Russians lost only four machines, and that 15 German planes were brought down near Moscow yesterday.

Reports to Kuibyshev indicated the Germans had broadened their attack on Moscow to include every sector from Klin on the northwest to Stalingorsk on the southeast.

No Trace Of Remains Of Clarkburg Man Who Sought To Fly Atlantic

(International News Service)

ST. JOHNS, Newfoundland, Nov. 28.—Two Newfoundland trappers working their lines through a heavily wooded section today came across wreckage of the plane in which Thomas H. Smith, Clarkburg, W. Va., flier, sought to span the Atlantic in 1939.

The trappers reported that the plane's gas tank was punctured but otherwise it seemed to be in good condition.

Searching the locality, the trappers, two men named Rhynes and Benoit, found no trace of Smith or his body.

Smith took off from Old Orchard Me., on May 28, 1939, and his "baby clipper," a tiny ship which weighed only 670 pounds and an early morning sun glinting on its silver nose was the last anyone saw of it.

## U.S. Marines

### Leave China

SHANGHAI, Nov. 28.—Tension increased in Shanghai's foreign colony today as the second—and final—contingent of United States Marines was evacuated from the city amid reports Japan is on the verge of military action against Thailand.

The second detachment of 1,400 Marines sailed aboard the Liner President Harrison in the wake of the first contingent, which departed yesterday in a driving rain aboard the Liner President Madison.

Today the Marines marched to the President Harrison in a two-mile parade from the International Settlement through streets crowded with Japanese, including swarms of professional and amateur Nipponese cameramen.

Leading the Marines was a Japanese movie camera mounted on a truck.

various routes of the city. They have attracted much attention and favorable comment. They are especially attractive in the new color schemes adopted for the city. The bodies are painted a deep yellow and maroon, with roofs painted in aluminum.

The interior of the buses is equally attractive. Seats are finely upholstered in leather. They are of the semi-individual type and are well spaced for comfort. The lighting is excellent, while heating and ventilation are superior, embodying the latest advances in the bidders.

The power plants of both the Diesel-motored and gas buses are ample to assure the best of operation over New Castle's hills. They also are equipped with powerful brakes, supplemented by adequate emergency brakes, and many other modern safety features.

Plan New Service

Plans for the inauguration of the new service, which will not only mark the transition from street cars to buses, but also the passing of New Castle Electric Street Railway company after a service of half a century and advent of Shenango Valley Transportation company as the new operating concern, are well advanced. Invitations to participate in it will be mailed within a few days.

The inauguration will include a parade of the buses with the invited guests, leaving Public Square at 11:00 a.m. One or more of the bus routes will be traversed and then the guests will be taken to The Castleton where luncheon will be served in the ball room at 12:00 noon. Following the luncheon there will be a short program with several addresses.

Meantime, while the luncheon is in progress, the change in service will be made, probably being completed by the time the assemblage leaves the dining room. As a street car, or old bus, arrives in the downtown area, its place will be taken by one of the new buses, and the old equipment will be taken to the carhouse for the last time. This will continue until all the new buses are in service and all the old have been withdrawn, the change-over being made without the loss of a single trip.

Testifies In Sensational Murder Trial In Farmington, Maine

International News Service

FARMINGTON, Me., Nov. 28.—Farmington crowded into its tiny courtroom today eager to hear more of the testimony which features the trial of 50-year-old Fred G. Wheeler for the slaying of his 20-year-old sweetheart, Florence Buzzell.

Leser Butler, prim, dudish janitor of the Masonic Temple, testified that from a darkened room of the temple he had many times watched across the narrow lane into Florence's lighted room as she entertained Wheeler.

"I saw them on several different occasions in several stages of undress—once they were in the complete nude," Butler asserted.

Mrs. Mary Campbell, twice-di-

vorced mother of the slain girl, lowered her head. Mrs. Edith Wheeler, wife to the defendant, reddened and bit her lip. Wheeler looked straight ahead.

Butler's testimony shed further light on the romantic disposition of the girl who was reported to have had the names of 122 men in her diary.

Another witness was Horace McQuarrie, 28, and married, who testified that Wheeler introduced him to Florence with the remark, "Mac is taking over from here." He stayed with her at her apartment for a few hours, he testified.

Mrs. Campbell testified to having talked with Wheeler less than 24 hours before Florence was slain in a hay field. "He allowed them to feel as how if anybody was going to have the girl he should have her," she said. Wheeler had spent \$3,000 on Florence.

### Speaks To Department Heads Of Pennsylvania Power Company At Luncheon

Stressing the need for full cooperation in the national defense program, Justin R. Whiting, president of the Commonwealth & Southern Corporation, spoke briefly to department heads of the Pennsylvania Power company at a luncheon here Wednesday. "Such cooperation," Mr. Whiting said, "even though it involves considerable sacrifice, hastens the day when the world can again be at peace. When the navy requires equipment that we have ordered, we willingly step aside, knowing full well that the navy's need supersedes our own."

Mr. Whiting urged the local company personnel to keep in touch with and encourage those who have stepped from its organization into the country's armed forces. "The morale of our fighting forces," he stated, "is a reflection of the morale of the civilian population backing them up. The American people are facing the emergency. They will come out of it with greater stamina and strength than they had going in."

Mr. Whiting was accompanied by W. H. Sammis, president of Pennsylvania Power company and members of the Commonwealth & Southern service company's staff to discuss with the local management the 1942 budget and other operating problems.

## "I NOW KNOW WHY SO MANY PRAISE RETONGA"

Veteran R. R. Man Says Thousands Need Retonga Like He Did, And Tells His Experience for Benefit of Others.

From many states and from well known men and women in all walks of life come enthusiastic praises for Retonga for prompt relief from the torturous distress of nervous indigestion, weak, rundown feeling, aches and pains in the muscles and joints from the toxic poisoning of sluggish bowels, loss of weight and strength and similar debilitating symptoms due to insufficient flow of digestive juices in the stomach, constipation, and need of Vitamin B-1 for digestives, nerves and strength. Mr. George Karas, 1017 Vinat St., Pittsburgh, a valued employee of the B. & O. railroad for twenty years, states:

"I know from experience why so many people praise Retonga. I felt so rundown and my resistance was so low that, I seemed to catch one cold after another. My bowels were

very sluggish, and I suffered from pains in my shoulders and back that many a time made me walk the floor.

WASHINGTON, Nov. 28.—American forwarders, who act as links between suppliers and buyers in the shipping trade, have told the House merchant marine committee that their business is suffering from competition in this country by the British war transport service in transportation of lend-lease materials, it was revealed today.

The committee heard the forwarders at secret sessions called to investigate reports that American manufacturers, forwarders and other business interests are being hit because all lend-lease materials are turned over for handling by the British ministry of shipping.

In general, witnesses testified that the transport service is doing the work in the United States that ordinarily would be done by forwarders in handling materials for export between supplier and buyer.

#### Under British Control

William D. Davies, of the firm of D. C. Andrews of New York, asserted that "the British government is controlling exports of this country completely as regards lend-lease and other merchandise given to them or to any of the dominions."

He explained "on behalf of the forwarders generally throughout the country", that they favored aid to England, but that "they have been hit very seriously," and "we do not believe we should suffer hardships which are unnecessary."

M. J. McCarthy, president, Pacific Coast Customs and Freight Brokers association of San Francisco, said that "the Pacific coast produces agricultural products, principally, and since the entrance of the British Ministry of War Transport into the handling of these goods, no broker or freight forwarder on the Pacific coast is now handling any of its products."

#### Will Have Edge

He warned that "after the war if we are put out of the picture, then we can foresee where the foreign lines, particularly the British lines, will have the edge, not only against the American exporters, but against the American merchant marine."

H. H. Harvey, representing the New York Foreign Freight Forwarders and Brokers association, Inc., asserted they did not object particularly to British handling of arms and munitions, but "our objection goes to their handling of bolts, nuts, woodenware and all sorts of things, and chemicals that are going to private individuals and companies to whom we have been shipping for 20 years past."

J. W. Allen, president, Forwarding Agents and Foreign Trade Brokers association of New Orleans, reported that forwarders are also suffering losses in the Gulf area. He asserted that commodities previously handled by forwarding agents—cotton, naval stores, oils, lumber, etc.—"more recently have been taken over and are being handled" by the transport ministry.

Harold Lambert, who represented H. P. Lambert Co., Boston, asserted that "although there is a considerable amount of export business being done up there (Boston), it is all for the British, under the lend-lease and also shipments for the Russian government, so that the brokers in Boston are doing hardly any business at the present time, either export or import."

T. E. Reeve, of Lunham-Reeve, Inc., and the New York Foreign Forwarders and Brokers association, contended that "it would be very much to the advantage of our government if the forwarders were handling lend-lease materials."

### Rev. Othie Sackett To Speak Sunday

At the First Baptist church Sunday evening services Rev. Othie Sackett will preach on the subject "Robbery in the Church".

Rev. Sackett was a student at Moody's Bible Institute, Chicago, and was associated with Billy Sunday in several campaigns.

Before his conversion in 1909, he was known in the boxing world, having been featherweight boxing champion of the world in 1905. He was dubbed "Young Kid McCoy" by the Pittsburgh press, because hisistic action and footwork duplicated that of the older boxer, the late Norman Selby.

Rev. Sackett travels throughout the country as an evangelist, and is a strong advocate of tithing in the church.

The organization, formed last summer in a protest against "regimentation" of farmers by the federal government, announced that its campaign will be extended into all of the 67 counties. The task of contacting farmers will be directed from headquarters to be set up in various districts.

"Many farmers are holding their wheat in preference to paying the penalty on what they have been informed is their excess," read a statement issued by the organization.

"The fact that farmers are not relieved of paying the penalty if the wheat is fed to their own livestock on their farms is widely proclaimed unfair, particularly in view of the fact that under the defense program the federal government is requesting increased production of agricultural products."

The quota plan was viewed by the organization as "definitely prejudicial to Pennsylvania in view of the fact that only about half of the wheat which is consumed in this state is grown by Pennsylvania farmers."

J. Audley Boak, New Castle, is president of the group.

Heavily Laden Truck Crashes  
Into Stalled Trailer-Truck  
In Philadelphia

International News Service  
PHILADELPHIA, Nov. 28.—A man and a woman were burned to death and damage estimated at \$20,000 was done today when a heavily laden truck crashed into a stalled trailer-truck on Roosevelt Boulevard in northeast Philadelphia.

Hours after the accident, the charred body of the truck driver was identified as that of Benjamin Gallum, about 34, of Brooklyn. The owner of the truck, Phillip Schoenbaum, operator of the Streamline Service, New York, identified Gallum, but said he had no idea who his woman companion was.

The crash was followed by an explosion of gasoline tanks, and in the resultant fire eight tons of freight in the trailer, mostly Christmas merchandise, was destroyed. Damage to the wrecked vehicle was estimated at \$8,000 and to merchandise at \$12,000.

Edward Cirillo, 35, of New Haven told authorities he pulled to the side of the road when the engine of the trailer-truck failed. He had just left the vehicle and was preparing to light a flare when the crash occurred.

After extinguishing the flames, firemen broke into the cab of the truck with crowbars and removed the bodies of the victims.

International News Service  
LONDON, Nov. 28.—R. A. F. bombers hammered targets in northwestern Germany last night and early today, concentrating particularly on railway lines and industrial districts around Dusseldorf.

In addition, an air ministry communiqué said, the docks at Naziheld Ostend were heavily bombed. Airfields in the Low Countries also were attacked. One British plane was listed as missing.

While the British raids were in progress, the air ministry announced, a few German raiders bombed points in East Anglia and southeastern England, chiefly coastal districts. A communiqué said a few persons were injured and some damage caused.

CARROLL CLUB BANQUET  
The Carroll club of Bessemer, had its tenth anniversary banquet and dance on Monday evening, November 24, in the banquet room of the Crotton hall.

Blue and white were the predominating colors of decorations. Every man wore a white carnation while the ladies wore pink. Over a hundred members and guests were served. Rev. Joseph Young, pastor of the St. Anthony church of Bessemer gave the blessing and later spoke briefly about the "Advantages of such a social group." Other speakers and guests included Carl Montgomery, burgess, U. I. Mandich, Mike Vanich, Rudolph Spinic and Edward Malley, one of the original charter members of the club.

After the speakers the club members presented a play in pantomime which was received and enjoyed by all present. John Brentin president of the club welcomed all present and persuaded the following to speak: Frank Hulina, secretary of club, Joseph Susany, treasurer and John Ulah, vice president. The remainder of the evening was spent in dancing to two orchestras.

Joseph R. Stanish, postmaster of Bessemer and one of the charter members presided as toastmaster. He proved to be exceptionally clever at introducing the speakers. The committee in charge of arrangements were, J. R. Stanish, chairman, Frank Hulina, John Ulah and Joe Ducie.

**BIBLE CLASS MEETING**

The Sara Engle Bible class members gathered at the home of Mrs. Matthew Myers on Thursday evening and held their regular monthly meeting, with Mrs. G. A. Anderson, Mrs. Uncapher, Mrs. Nellie Houk as aides. There was a very good attendance. After the routine business was cleared away, a social time was enjoyed until the hostesses served refreshments. The December meeting will be in charge of Mrs. William Booksing, Mrs. John Hayes, Mrs. Robert Rowe, Mrs. Roy Young for the Christmas meeting.

**DINNER CLUB**

The Dinner club members gathered at the home of Mrs. Emma McCutcheon for their Thanksgiving dinner with places set for eleven members. A chicken dinner and the trimmings were very much enjoyed. The December meeting will be held at the home of Mrs. I. M. Davidson when an exchange of mystery sister gifts will be held.

WASHINGTON, Nov. 28.—The House Labor Committee today approved a far-reaching anti-strike bill calling for a voluntary method of settling labor disputes, but authorizing the present defense mediation board to invoke 60-day "cooling off" periods and empowering presidential seizure of plants if all other methods fail.

The committee approved the measure without giving any consideration to the original bill proposed by Rep. Ramspeck (D) Ga., acting chairman, which would have provided for compulsory arbitration in labor disputes that affected defense production.

## Plans Are Progressing For Testimonial Dinner For Coach Bridenbaugh

Tickets for the testimonial dinner to Head Coach Phil Bridenbaugh and his 1941 football team are going fast, James L. Stone, general chairman of the event, stated today. The idea of honoring Bridenbaugh's twenty years of outstanding merit as coach of the New Castle High School football team has caught or nicely and the Cathedral dining room should see a crowd on the night of December 6.

The tickets were priced at one dollar in order that no one could feel that the affair was to be high priced. As a result the tickets have been going fast all over the city many of the general committee coming back for fresh supplies.

## Band To Be Guests

Not only will Bridenbaugh and the team be honored but the senior high school band will be present as guests also. The colorful tunesters under the direction of Joe Replique have added color and enthusiasm to the football games and the band boys and girls will be present as guests. The cheer leaders are also to be guests.

The dinner is for every football fan who wants to have a share in honoring "Bridie," men and women alike. An outstanding figure in the football world will be the speaker but as yet his name is under wraps.

Assisting Mr. Stone as general chairman are the following officers: Secretary and Treasurer, B. N. Hanlon; Vice chairman, Dr. W. Fulton Jackson; Marion Kolodjieski; John Stoffick; A. C. Hyde; Carm Sacco; Speer Marousis; Clarence Klaber; J. Hartzel Huston; Roger Sweet; Dr. J. A. Gillespie.

The program will be built on the lines of the "hipped dipper" style of football. Plenty of speed, no time out and plenty of entertainment.

Some of the committees appointed by General Chairman Stone follow:

DINNER COMMITTEE: James C. Brice, chairman, C. Ed. Brown, William J. Conney, Marion Kolodjieski, Roger Jewett.

HALL COMMITTEE: Dr. W. Fulton Jackson, chairman; Mayor Chas. B. Mayne, Joseph F. Travers, Joseph D. Alexander, Dr. J. A. Gillespie.

MUSIC COMMITTEE: William D. Williams, Jr., chairman; Joseph F. Replique, Thomas Solomon, W. O. (Red) Williams.

SPEAKERS COMMITTEE: Dr. P. H. Sargent, chairman; Alex Fox, Edward Bear, Carm Sacco, Richard Renz.

SPECIAL GUESTS: James K. Love.

PUBLIC ADDRESS: Edw. Wish, chairman; Clarence Klaber, Walter Fulkerson.

DECORATIONS: Robert A. Weingrath, chairman; Charles McGrath, Paul Butz, Edw. Hennion, Mooney Brothers, Bess Gally, Berne Bartlett, Mayme Ryan, Harry Druchel, J. C. Tucker, Rosa Zona, Sam Presta, Margaret Fisher, Ralph Gilbreath.

**Saints Defeat Greeks 28-20**

Third U. P. And St. Marys Also Win Games In Church League

The St. Vitus church basketball team began where it left off last spring by defeating the St. George Greek team in a hotly contested game Wednesday evening at the "Y" in the Church basketball league 28 to 20.

The game was nip and tuck all the way, with the Saints ahead at halftime by a 14 to 8 count. The Greek team came back fighting and made things interesting in the second half and for a time it looked as if the Greeks would emerge victors, but the Saints turned off the heat in the final few moments and took a victory with Covelli, Ciazza and Bullano starring for the victors, and Nickie Lucas, Hrisoulos and Coach "Manny" Othites the shining lights in the Greek lineup.

In the first game the Third U. P. team smothered the Central Presbyterians 57 to 23, with Caldwell, Haines and O'Neill, starring for the East Siders and Keiso for the losers.

The final game found the St. Marys team defeating the Central Christians in an uphill fight, the Saints were behind at the half 23 to 12, but staged a rally in the final half that gave them 23 points to 9 for the losers. The bright lights in the Saints lineup were—Guinaugh, and Carey, with Whiteside the best for the Christians.

## NEW CASTLE NEWS

NO SCORE—There was plenty of scoring at New York in this Canadien-Rangers game but not at the moment.

## Title At Stake In Bout Tonight

Winner Of Tony Zale And Georgia Abrams Fight Will Be Middleweight King

By JACK SINGER

(International News Service Sports Writer)

NEW YORK, Nov. 28.—To those

curious citizens who take a perverted delight in solving cross-word

puzzles, jigsaws, or deciphering the

ever-changing map of Europe, the

collision tonight between Tony Zale

and Georgia Abrams at Madison

Square Garden will exert a pecu-

liar attraction.

For at the end of what is expected

to be 15 grueling rounds, the

sport of swings will boast an undis-

puted middleweight champion for

the first time in 10 years, or since

Mickey Walker relinquished the

crown to invade the heavyweight

ranks.

New Champion

Promoter Michael Strauss Jacobs'

trick of clearing up the middle-

weight muddle is to be compared with the baffling stunt of sawing a

woman in half. Since the old Ram-

son bulldog gave the title back to the

Indians, who took it under protest,

we might add, the 160-pound divi-

sion has been infested with dozens

of spurious champions.

But the survivor of tonight's bat-

tle will walk out of the Garden ring

with head held high, the undis-

puted, unquestioned world's middle-

weight champion.

Zale, the N. B. A. titleholder, is

a 5-7 short-enders against the

socking sailor from the Jacksonville,

Fla., naval training base. The wiz-

ards of odds arrived at this absurd

quotation after consulting the rec-

ords and discovering that Billy "the

Swoose" Soose, former middleweight

champion, holds a decision over the

former Gary, Ind., steelworker. Abrams, of course, is the middleweight

champion of Soose, having thumped

him three times.

**HERE AND THERE IN SPORTS LAND**

It appears as though Russell Ba-

ster and Lester Leasure, New Caste-

ler middleweights who battle in the

Arena, December 10, for the ama-

teur championship of Lawrence

county went into the ring in Young-

town last night determined to keep

their records intact. And they did

Lester fought the main bout and

beat Shed Bell in three fast rounds

In another fight Russell beat Mik-

Burke in what was reported to be

the best fight of the night. He

knocked down the rugged Mike with

a right to the jaw in the first round.

Billy Leasure also came through

He flashed a knockout. It required

only two rounds for Baby to flatten

Bunny Misto and that's a fact

he can sing about and it is a fore-

gone conclusion that the boy will

also appear December 10.

Billy Reale is coming back to the

ring and he is scheduled to box

Denny Cunningham, a light-heavy-

weight of Warren, Ohio. Reale has

been taking things easy recently

but now is in training and expects

to throw a lot of punches at Cunningham here.

# SPORTS WORLD RAMBLINGS

Final grid forecast:  
Army-Navy: By shackling "Hank" Mazur, the Middies shouldn't have too much trouble to torpedo their arch rivals. We'll say Navy by a 21-0 margin.

Pitt-Carnegie: The Panthers should parade along the chalk stripes as they please. The only thing that can save the Tartans is a postponement. Pitt rules, 35-0.

Fordham-N.Y.U.: These are the kind of games that lift our average. The Rams should wilt the Violets by at least four touchdowns. On this basis, Fordham 28, N. Y. U. 0.

Penn State-South Carolina: Smaltz and Petrella should hit the spotlight again at the expense of a big but disappointing S. Carolina eleven. State by a 19-0 margin.

Boston College-Holy Cross: B. C. held back for this clash. The Bean Eaters, playing at home, have too much savvy for the Crusaders. Our guess, 21-6.

Clemson-Auburn: Once beaten Clemson should prevail in its clash against rock ribbed Auburn. We'll give Clemson a 13-7 nod.

Georgia-Georgia Tech: Frankie Sinkwich, en route along the All-American trail, can boost his cause here and should. Tech appears fatigued after a bruising card. Georgia draws our ballot, 24-7.

Mississippi-Mississippi State: Ole Miss, a strong contender for one of the bowl bids, should hurdle State, due mainly to its H. boys. Hovious and Hapies and Mississippi to roll along, 14-6.

Oregon-Oregon State: This fray will make or break State, so far as the Rose Bowl invitation is concerned. Well rested State should cop

by two touchdowns. We'll guess 20-7.

Nebraska-Oklahoma: The Sooners have had their two bad games. In good shape following their Marquette rout, we'll string with Oklahoma against a battered Husker force, 14-7.

Stanford-California: Shaugnessy's "T" is due to click against somebody. We'll pick California to be the victim by a 27-7 count.

Texas Christian-Southern Methodist: Here's one as close as a coat of paint. S. M. U.'s kicking forces us to lean in its direction. Thus, Southern Methodist 13, T. C. U. 12.

Tulane-Louisiana State: Without wasting any words, we'll pick against Louisiana State. Tulane by a 28-6 margin.

Vanderbilt-Tennessee: Vandy was a 2-1 favorite over the Vols Wednesday. We'll cross our fingers and string along with Vandy, 13-7.

Washington-Southern California: The Seattle horde should flash enough to down a tired Southern California club, 19-6.

The rest of the field:  
Arizona 12, Kansas State 7.  
Hardin-Simmons 14, H. Payne 0.  
Marquette 18, Iowa State 7.  
Mich. State 13, W. Virginia 0.  
Rice 14, Baylor 7.  
St. Louis 7, Wash. Mo. 0.  
Tex. Mines 18, Flagstaff 0.  
Texas Tech 13, W. Forest 7.  
V. P. I. 19, Richmond 0.  
Wm. & Mary 20, N. C. State 6.  
Georgetown 13, Xavier (O.) 7.  
Alabama 19, Miami 6.  
Newberry 18, Erskine 0.  
Citadel 13, Sewanee 7.  
Season record: 348 right; 87 wrong; 20 ties.

## New Wilmington High Prepares For Floor Games

Opens Season At Home On  
Tuesday Night—Brookfield  
High Opponent

(Special To The News)  
NEW WILMINGTON, Nov. 28.—New Wilmington high school's 1941-42 basketball team will open its season next Tuesday night (Dec. 2), playing Brookfield (Ohio) high school in the Community House.

"Despite the loss of three regulars from last year's team," says Coach John Eagleson, "we should have a good club."

Coach Eagleson is as yet undecided about the makeup of his starting team. Three positions are certain: center, where Ranzy Ken Cathcart, last season's second highest scorer, holds forth, and one forward and one guard position, filled by Harry Green and Norbert Borowicz, respectively. Either Charles Evans or Joe Buckwalter is slated to start at the other forward post, while the remaining position at guard will be taken by Gordon Pitzer or Jim Dunlevy.

New Wilmington's schedule includes 21 games, of which ten are at home.

The present team has its job cut out for it to uphold the fine record made during the past few years by local teams under the tutelage of Eagleson. In the past three seasons the Little Titans have won 60 and lost 11, and taken two Section 20 championships. Last year they had a mark of 18 wins and four defeats, finishing second to Wampum in the league.

Paul Minner, former high school star, will coach the reserve team, whose game precedes the varsity contest.

## Basketball Outlook Gloomy At Bessemer

Only One Letterman on Squad;  
19 Game Schedule Starts  
On December 9

With only one letterman available, basketball prospects are far from bright at Bessemer high.

Jack Grubbs, forward, is the only insignia winner on the roster. Ben List, Paul Tasota, John Kresovich, Dick Scott, Dick Meloich, Joe Novad, Albert Kennedy, Harold Johnson, Billy Ash and Lewis Meloich have moved up from last season's reserve squad.

Coach A. G. Capezuti's call for candidates was answered by 30 athletes.

Bessemer stars its cage program

on December 9, entertaining Darlington.

The complete schedule follows:  
Dec. 9—Darlington.  
Dec. 13—At Lowellville.  
Dec. 16—At Darlington.  
Dec. 19—At Union.  
Jan. 6—At Mt. Jackson.  
Jan. 13—Wampum.  
Jan. 18—At New Wilmington.  
Jan. 26—At Princeton.  
Jan. 29—At East Brook.  
Jan. 30—At Shenango.  
Feb. 3—At Mt. Jackson.  
Feb. 6—At Wampum.  
Feb. 10—New Wilmington.  
Feb. 13—At Princeton.  
Feb. 17—At East Brook.  
Feb. 20—Shenango.  
Feb. 24—At Union.

## Shenango Girls For Cage Season

East New Castle Flippers Open  
Campaign Against Evans  
City, December 16

Shenango Township high has started girding for the rapidly approaching 1941-42 basketball season.

With only one letterman back from last season's team, prospects are not too good. John Bulz, Billy Tanner, Wilbert Gill and Bob Kalajainen, up from the reserves corps are showing up well in drills, Coach Frank Nocera reports. Andy Semansky is the lone veteran.

Shenango opens the season on December 16, facing Evans City on Shenango floor.

Shenango's schedule follows:  
December 16, Evans City.  
December 19, at Mercer.  
January 2, at Evans City.  
January 6, at Princeton.  
January 9, Union.  
January 13, at Mt. Jackson.  
January 16, Wampum.  
January 20, at New Wilmington.  
January 23, Bessemer.  
January 27, at East Brook.  
February 3, Princeton.  
February 6, at Union.  
February 10, Mt. Jackson.  
February 13, at Wampum.  
February 17, New Wilmington.  
February 20, at Bessemer.  
February 24, East Brook.  
March 3, Mercer.

## Babe Young May Be In Army Soon

(International News Service)

NEW YORK, Nov. 28.—His appeal vetoed by the board of appeals, Babe Young, 26-year-old first baseman of the New York Giants today faced induction soon into the army.

Young, who led the Giants in runs batted in during the past season, listed his father as a dependent.

Local draft board 245, Long Island City said "no." Babe was married

several years ago but is divorced.

FASHIONS FOR MEN, YOUNG MEN AND BOYS

## FAIR or FOUL By LAWTON CARVER INS Sports Editor

NEW YORK, Nov. 28.—The young fellow with the toughest job in these United States today is Louis Boudreau, Jr., of Harvey, Ill.

As the latest manager of the Cleveland Indians, where managers come and go like harassed hash house waiters during the rush hour, he is a budding boy wonder, or just another of the Cleveland unfortunate, born to disillusionment and defeat. He will lightly plant his spikes on fleecy clouds some day, or he finally will stagger away from there in a daze, frustrated, whipped and with the screams of the revolutionists beating in his ears.

I personally hope he wins the pennant next season.
